3.2. Teaching staff are responsible for:

3.2.1. Ensuring careers education is planned into the curriculum and aligned to school policies.

3.2.2. Creating an environment that facilitates and encourages students to tackle real life challenges, manage risks and develop skills that can be applied to the workplace.

#### **4. Labour market information**

4.1. Lokrum Fields will ensure every student, and their parents, has access to good-quality information about future study options and labour market opportunities.

4.2. Students and their parents will be referred to the National Careers Service which offers information and professional advice via a website, helpline and web chat.

4.3. Lokrum Fields will ensure students and their parents understand the value of finding out about the labour market and support them in accessing this information. Students and their parents will be provided with information on the benefits of understanding the labour market, including the salaries and promotion opportunities for different jobs, and the volume and location of vacancies across different sectors.

4.4. Lokrum Fields will ensure that all students, by the age of 14, have accessed and used information about career paths and the labour market to inform their decisions on study options appropriate to the individual student.

4.5. To support social mobility, Lokrum Fields will work to raise students' aspirations and tackle stereotypical assumptions. Interventions will be used to tackle gender stereotypes; arrangements will be made for students to talk to employees who work in non-stereotypical jobs and to develop an increased awareness of the range of careers that STEM qualifications lead to.

#### **5. Addressing the needs of students**

5.1. Lokrum Fields's careers programme will aim to raise the aspirations of all students whilst being tailored to individual needs. The programme will inform students of the range of opportunities available to them, encouraging them to aim high and make choices relevant to what they feel they can achieve and their personal interests, values, and aspirations.
